

8 December 2009

Fellow EMS Providers, I hope this letter find you and yours healthy!

The Emergency Health Services Federation (EHSF) has just received notice from the Bureau of EMS of the PA Department of Health, the availability of vaccine to vaccinate all the South Central Region EMS Providers.

We are setting up eight (8) county sites so the EMS providers that have not been vaccinated will be able to conveniently visit these locations to receive their H1N1 vaccinations. There is no preregistration, so there may possibly be a short wait involved. We ask that you please understand this and allow your schedule accordingly.

The EHSF will list serve to all our providers the county sites, times, and locations. The EHSF also asks that you visit your individual county so there can be a steady flow of providers for each site. We also understand this may not be possible, but ask for your cooperation in this initiative.

*Adams – Adams Co. Dept of Emergency Services, 230 Greenmyer Lane, Gettysburg Pa 17325*

- 17 December -1500 -2000 hrs
